Item No. 04:

The Board of Directors of your Company felt necessary to fill the vacancy caused due to the resignation of Mr. K. Ravindra Babu (DIN: 00328421), Independent Director of the Company and at the recommendation of the Nomination and Remuneration Committee, the Board found the profile of Mr. N. Nagendra Naidu (DIN: 10180163) as an eligible and experienced candidature to act as Independent Director of the Company.

Mr. N. Nagendra Naidu (DIN: 10180163) being eligible and offering himself for appointment, is proposed to be appointed as a Non-Executive Independent Director of the Company for a term of five consecutive years i.e., upto 39th Annual General Meeting of the Company. A notice has been received from a member proposing Mr. N. Nagendra Naidu (DIN: 10180163) as a candidate for the office of Director of the Company. In the opinion of the Board, Mr. N. Nagendra Naidu (DIN: 10180163) fulfills the criteria specified in the Companies Act, 2013 and rules made thereunder for his appointment as an Independent Director.

The Board considers that his induction into the Board would be of immense benefit to the Company and it is desirable to avail the services of Mr. N. Nagendra Naidu (DIN: 10180163) as an Independent Director. Accordingly, the Board recommends the resolution in relation to appointment of Mr. N. Nagendra Naidu (DIN: 10180163) as an Independent Director, for the approval by the shareholders of the Company. Mr. N. Nagendra Naidu (DIN: 10180163) does not hold any shares in the Company and the details of him are given in the enclosed Annexure.

Management Discussion and Analysis

M/s Phyto Chem (India) Limited has been carrying on the business predominantly in two segments i.e. Pesticides Formulations and Real Estate activities.

Pesticides play a key role in agriculture in India and have contributed to the growth of the agriculture sector over the last several decades. The Company has created good manufacturing facilities for high-quality products and has consistently contributed to the rural community. The Real Estate activity holding good promise to achieve better yielding. The Company has discontinued the marketing of Food Products business during the year under review due to intense competition, challenges from the existing firms and large expenditures on advertising to promote the business.

The SWOT Analysis is as follows:

1. Strengths:

- The Company has established a Brand for qualitative products of pesticides and also has developed a network in grassroots level marketing. Government policies are inherently in favour of our products because the nation is primarily agricultural, which is positive development. The growth in Real Estate activity in the country is a positive sign for greater prospects.

2. Weakness:

- Untimely rain and unfavourable climatic conditions, as well as unhealthy rivalry, an unconstrained credit period for dealers and a pricing war in the trade, all contribute to variations in pesticide marketing.
- The economy's Inflation and declining demand may have an influence on Real Estate projects.

3. Opportunities:

- Favorable government policies in the agriculture sector, as well as the introduction of new farmer incentives, would generate good opportunities for our Company. This will aid in the development of farming community's purchasing power and the creation of demand for our products. Real Estate activity in the country is continuously increasing, particularly in urban and metro areas, which will help to capitalize on the opportunities available.

4. Threats:

- The competition from big players, price wars, spurious products of pesticides, change in Government policies and interest rates.
- Increase in prices of Land and interest rates has impacted the country's demand for Real Estate activity.

5. Financial Analysis:

The Company's financial analysis is presented in the Directors' Report under section Review of Operations.

6. Future Outlook:

- The Company tries to continue its focus on product and its quality development and also to penetrate into key markets.
- Company exploring new opportunities for diversification and expansion into new business areas like construction and trading activities etc.

7. Internal Control Procedures:

The Company has an Audit Committee and has the mechanism to review the Internal Audit Control procedures. Periodic Audits of the Accounts are carried out internally to attain the object of internal procedures. The Company has also appointed M/s R. B. Associates., Chartered Accountants as Internal Auditors of the Company to conduct internal audit on the Accounts and procedural Compliances.

8. Human Resources:

The Company has capable and experienced employees as well as dedicated management. Human relations with the personnel remain positive. Employees receive in-house training to help encourage them contribute to increased production. The Company's human resources are regarded as vital assets.

9. Cautionary Statement:

The statements in the Management Discussion and Analysis describing the Company's objectives, projections, estimates or expectations may be considered "forward-looking" statements under applicable Securities, Laws and Regulations. The actual results could differ materially from those expressed or implied and the achievement of results is subject to risks, uncertainties, economic conditions, demand/ supply and price factors that may influence the operations of the Company.

Phyto Chem - Annual Report - 2022-23

Independent Auditor's Report

To

The Members of Phyto Chem (India) Limited

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of Phyto Chem (India) Limited ('the Company'), which comprise the Balance Sheet as at 31 March, 2023, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year then ended, and notes forming part of financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as 'the financial statements').

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ('the Act') in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 as amended ('Ind AS') and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March, 2023 and its profit, total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Key audit matters

Key audit matters ('KAM') are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

S.No.	Key Audit Matter	Auditor's Response
1	<p>Revenue Recognition Adoption of Ind AS-115, Revenue from contracts with customers.</p> <p>The Company sells its pesticides relating to agriculture sector to the customers under different types of contractual terms. The application of above revenue accounting standard involved assessing if distinct performance obligations exist under each type of the contracts and ensuring appropriate and adequate disclosures in the financial statements. Accordingly, the subject matter is considered as key audit matter.</p>	<p>Principle Audit Procedures We reviewed the Company's implementation of Ind AS 115, including changes to procedures, accounting guidelines, disclosures and systems to support correct revenue recognition. We reviewed and discussed the accounting policy including the key accounting estimates and judgements made by management.</p> <p>We tested the relevant internal controls used to ensure the completeness, accuracy and timing of revenue recognised.</p>

Phyto Chem (India) Limited

S. No.	Key Audit Matter	Auditor's Response
	<p>The application of revenue accounting standard involves certain key judgements relating to identification of distinct performance obligations, determination of transaction price of the identified performance obligations, the appropriateness of the basis used to measure revenues recognised over a period.</p> <p>Revenue is only recognised only to the extent that it is highly probable that a significant reversal will not occur. Accordingly, the subject is considered as a significant and considered as key audit matter.</p>	<p>We read a sample of contracts to assess whether the method for recognition of revenue was relevant and consistent with Ind AS 115, and had been applied consistently. We focused on contract classification, allocation of income and cost to the individual performance obligations and timing of transfer of control.</p> <p>We evaluated the significant judgements and estimates made by management in applying accounting policy to sample of contracts and we obtained evidence to support them, including contractual agreements, delivery records. We also considered the historical outturns of estimates used in prior periods.</p> <p>We applied Audit Techniques to establish, whether any revenue has been recognized where no corresponding accounts receivable or cash has been recorded in the general ledger.</p>
2	<p>Trade Receivables:</p> <p>The trade receivables stands at Rs.2021.16 lakhs which constitutes 75.52% of total turnover for the financial year 2022-23.</p> <p>This indicates a very low average collection period of trade receivables, and the age profile of the trade receivables indicates that 46.19% of trade receivables are over dues are in the age-wise bucket of 6 months to 36 months.</p> <p>Against the outstanding trade receivables, the Company made a provision for doubtful debts at Rs.9.24 lakhs. The estimation of realisable debts involves significant management judgements. Since amount involved is material and significant management judgement, we consider this as one of the key audit matters.</p>	<p>Our audit approach consisted testing of the design and operating effectiveness of the internal controls and substantive testing as follows:</p> <p>We have evaluated the methodology for age-wise bucketing of trade receivables and key assumptions underlying the probability of default estimates on the same, to ascertain that the same were broadly in-line with the Corporation's historical default rates.</p> <p>We selected a few sample outstanding receivable cases having different overdue period and checked if the computation of ECL is appropriate in line with the Corporation's policy.</p> <p>We reviewed the methodology used for segregating the total outstanding receivables into buckets and the assumptions underlying probability of default estimates in respect of the same. Based on discussions with the Management, we understand that this methodology was arrived at based on past experience and after discussion with few industry peers.</p>

Information other than the Financial Statements and Auditor's Report Thereon

The Company's management and Board of Directors are responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility and sustainable Report, Corporate Governance and Shareholder's information, but does not include the consolidated financial statements and financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements, or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibility of Management and those charged with Governance for the Financial Statement

The Company's management and Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, including other comprehensive income, changes in equity and cash flows of the Company in accordance with the Indian Accounting Standard ('Ind AS') and other accounting principle generally accepted in India, including Ind AS specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgements and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management and Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors of the Company are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- * Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls.
- * Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- * Evaluate the appropriateness of accounting policies used and reasonableness of accounting estimates and related disclosures made by management.
- * Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our Auditor's Report. However, future events or conditions may cause the Company to cease to continue as a going concern.

Phyto Chem (India) Limited

- * Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

As required by the Companies (Auditor's Report) Order, 2020 ('the Order') issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in 'Annexure-A' a statement on the matters specified in paragraphs 3 and 4 of the Order.

As required by section 143(3) of the Act, based on our audit we report that:

- a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
- c. The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Changes in Equity and the Statement of Cash Flow dealt with by this Report are in agreement with the relevant books of account.
- d. In our opinion, the aforesaid financial statements comply with the Ind AS specified under section 133 of the Act.
- e. On the basis of the written representations received from the directors as on 31 March 2023 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2023 from being appointed as a director in terms of section 164 (2) of the Act.
- f. With respect to the adequacy of the internal financial controls over with reference financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in 'Annexure-B'. Our report expresses an unmodified opinion on the adequacy and the operating effectiveness of the Company's internal financial controls with reference to Financial Statements.
- g. With respect to other matters to be included in the Auditors Report in accordance with requirements of section 197(6) of the Act, as amended:

In our opinion and to the best of our information and according to the explanation given to us, the remuneration paid by the Company to its directors during the year is within the limits prescribed as per the provisions of section 197 of the Act.

Phyto Chem - Annual Report - 2022-23

- h. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014 (as amended), in our opinion and to the best of our information and according to the explanations given to us:
- i. The Company has disclosed the impact of pending litigations on its financial position in its financial statements. Refer note.37 to the Financial Statements.
 - ii. The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts (including derivative contracts).
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
 - iv.
 - a. The Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - b. The Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - c. Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.
 - v. No dividend is declared or paid during the year by the Company and accordingly, compliance with section 123 of the Act is not applicable to the Company.
 - vi. Proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 for maintaining books of account using accounting software which has a feature of recording audit trail (edit log) facility applicable with effect from April 1, 2023 to the Company and its subsidiaries, which are companies incorporated in India, and accordingly, reporting under Rule 11(g) of Companies (Audit and Auditors) Rules, 2014 is not applicable for the financial year ended March 31, 2023.

Phyto Chem (India) Limited

Annexure A to the Independent Auditors' Report

(Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of Phyto Chem (India) Limited of even date)

To the best of our information and according to the explanations provided to us by the Company and the books of account and records examined by us in the normal course of audit, we state that:

- i. In respect of the Company's property, plant and equipment, right-of-use assets and intangible assets:
 - (a) (A) The Company has maintained records showing full particulars including quantitative details and situation of Property, Plant and Equipment and relevant details of right-of-use assets. However, the register is under updation.
(B) The Company has no intangible assets, accordingly provisions of clause 3(i)(a)(B) are not applicable to the Company for the period under review.
 - (b) The Company has a regular programme of physical verification of its Property, Plant and Equipment, and right-of-use assets so to cover all the assets are verified over a period of three years, in our opinion, the periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the programme, applicable portion of fixed assets for the current year were physically verified. According to the information and explanation given to us, no material discrepancies were noticed on such verification.
 - (c) The title deeds of all the immovable properties (other than the properties where the Company is the lessee and there is lease agreement duly executed in favour of the lessee) as disclosed in note 3 on property, plant and equipment to the financial statements, are held in the name of the Company.
 - (d) According to the information and explanation given to us and on the basis of our examination of the records of the Company, the Company has not revalued any of its Property, Plant and Equipment (including right-of-use assets) and intangible assets during the year. Hence the reporting under clause 3(i)(d) is not applicable to the Company for the period under review.
 - (e) According to the information and explanation given to us and on the basis of our examination of the records of the Company, there are no Proceeding have been initiated during the year or are pending against the Company as at 31 March 2023 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder, and therefore the question of our commenting on whether the Company has appropriately disclosed the details in its standalone financial statements does not arise.
- ii.
 - (a) The inventories have been physically verified by the management during the year. In our opinion, the frequency of such verification is reasonable. The Company has maintained proper records of inventory. There were no material discrepancies noticed on verification between the physical stock and the book records.
 - (b) During the year, the Company has been sanctioned working capital limits in excess of Rs.5.00 crore, in aggregate, from banks on the basis of security of current assets. The Company has filed quarterly returns or statements with such banks, which are in agreement with the books of account other than those as set out below:

(Rs. In lakhs)

S. No.	Name of the Bank	Aggregate working capital limits sanctioned (Rs. 1,320.00 Lakhs)	Nature of current asset offered as security	Quarter ended	Amount disclosed as per quarterly return/statement (CA - CL)	Amount as per books of account (CA - CL)	Difference
1	The Federal Bank Ltd.	1,300.00	Refer Note below	30 th Jun, 2022	2,665.10	2,415.25	249.85
2	The Federal Bank Ltd.	1,240.00	Refer Note below	30 th Sep, 2022	2,677.12	2,586.76	90.36
3	The Federal Bank Ltd.	1,220.00	Refer Note below	31 st Dec, 2022	2,681.41	2,799.26	(177.85)

Phyto Chem - Annual Report - 2022-23

Note on differences in values:

As per the information and explanation given to us by the Company, generally at the time of preparation of the stock statements to the bankers, as the time left to the Company is very short, the Company do not get accurate information from their depots and submit those values to the bankers within the time limits. Whereas at the time of declaration of quarterly unaudited results, the Company take all the adjustments into consideration and compile the values and as a result certain differences have been cropped up. But at the end of the year the Company consider all the adjustments and compile the values for both stock statement and balance sheet. The difference in the 4th quarter is due to the debtors related to the sale of house plots of Rs.112.00 lakhs and which was not included in stock statement submitted to the bank. Hence there is no difference at all. The above amounts are included in note 45.9 to the financial statements.

- iii.
- (a) According to the information and explanation given to us and on the basis of our examination of the records of the Company, the Company has made investments in other companies and has not given any loans or advances in the nature of loans. Company also has not provided any security or corporate guarantees (other than guarantees and securities provided by the Company to its bankers against working capital/ other loans.) Hence furnishing details of guarantees securities and loans to subsidiaries/ joint ventures/ associates or others is not applicable for the period under review.
 - (b) In our opinion, the investments made and the terms and conditions of the grant of loans, during the year are, prima facie, not prejudicial to the Company's interest.
 - (c) Since Company has not granted any loans or advances in the nature of loans, reporting whether they are prejudicial to the Company's interest is not applicable for the period under review.
 - (d) Since Company has not granted any loans or advances in the nature of loans, there are no over dues in respect of interest payment or repayment of principal in the absence of fixed repayment period. Accordingly, the provision of clause 3(iii)(d) are not applicable to the Company for the period under review.
 - (e) No loan granted by the Company which has fallen due during the year, has been renewed or extended or fresh loans granted to settle the over dues of existing loans given to the same parties.
 - (f) Since Company has not granted any loans or advance in the nature of loans reporting of nature or repayment terms is not applicable.
- iv. In our opinion and according to the information and explanation given to us, the Company has no transactions to be complied with the provisions of sections 185 and the Company has complied with the provisions of section 186 of the Companies Act, 2013 in respect of investments made as applicable.
- v. The Company has not accepted any deposits or amounts during the year as per provisions of section 73 or 76 of the Act and relevant rules framed thereunder. However, the Company has accepted some lone which are exempted under the relevant Deposit Rules. Accordingly, the clause 3 (v) of the Order are not applicable to the Company for the year under review.
- vi. The maintenance of cost records has not been specified by the Central Government under sub-section (1) of section 148 of the Companies Act, 2013 for the business activities carried out by the Company. Hence, reporting under clause (vi) of the order is not applicable to the Company.
- vii. In respect of statutory dues:
- (a) According to the information and explanation given to us by the Company and records of the Company examined by us, the Company has generally been regular in depositing undisputed statutory dues, including Goods and Services tax, Provident Fund, Employees' State Insurance, Income Tax, Sales Tax, Service Tax, Duty of Custom, Duty of Excise, Value Added Tax, Cess and other material statutory dues applicable to it with the appropriate authorities though there has been slight delays in few cases on some occasions.

Phyto Chem (India) Limited

There were no undisputed amounts payable in respect of Goods and Service tax, Provident Fund, Employees' State Insurance, Income Tax, Sales Tax, Service Tax, duty of Custom, duty of Excise, Value Added Tax, Cess and other material statutory dues in arrears as at March 31, 2023 for a period of more than six months from the date they became payable.

- (b) According to the information and explanation given to us and on the basis of our examination of the records of the Company, there were no dues with respect to statutory payments like Income tax, Sales tax, Goods and service tax, Customs duty, Exercise duty, Value added tax, Cess and other dues that have not been deposited by the Company on account of any dispute except the following:

S. No.	Nature of Statute	Nature of dues	Amount (Rupees in lakhs)	Period to which the amount relates	Forum where the dispute is pending	Remarks

Phyto Chem (India) Limited

supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

- xx. According to the information and explanation given to us by the Company and on verification of records the provisions of section 135 (Corporate Social Responsibility) of the Act are not applicable to the Company for the period under review. Accordingly, reporting under clause 3(xx) of the Order is not applicable for the year under review.
- xxi. The reporting under clause 3(xxi) of the Order is not applicable in respect of audit of standalone financial statements without consolidation. Accordingly, no comment in respect of the said clause has been included in this report.

Annexure-B to the Independent Auditor's Report

(Referred to in paragraph 2 (f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to financial statements of Phyto Chem (India) Limited ("the Company") as of 31 March 2023 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the Orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial control system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls over to financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls with reference to Financial Statements

A Company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with

Phyto Chem (India) Limited

authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2023, based on the criteria for internal financial control over financial reporting established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

Phyto Chem - Annual Report - 2022-23

Notes forming part of financial statements for the year ended 31st March 2023

(All amounts in Indian Rupees in lakhs, except share and per share data and where otherwise stated)

Note1: Corporate information:

Phyto Chem (India) Limited ("the Company") was incorporated on 11th January 1989 having its registered office at Survey No.626, Temple Street, Bonthapally - 502 313, Gummadidala Mandal, Sangareddy District, Telangana State, India. It is incorporated under the Companies Act as limited company and is limited by shares. The shares of the Company are listed on the Bombay Stock Exchange Limited, Mumbai.

The Company is engaged in manufacturing of Pesticides.

The financial statements were approved for issue by the Board of Directors on 27th May 2023.

Note2: Significant accounting policies:

2.1 Statement of compliance:

The financial statements have been prepared in accordance with the Indian Accounting Standards (referred to as "Ind AS") prescribed under section 133 of the Companies Act, 2013 read with the Companies (Indian Accounting Standards) Rules as amended from time to time and other relevant provisions of the Act.

2.2 Basis of preparation of financial statements:

The financial statements have been prepared on historical cost convention with the exception of certain assets and liabilities that are required to be carried at fair value by Ind AS.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

2.3 Basis of measurement:

All assets and liabilities are classified into current and non-current based on the operating cycle of twelve months or based on the criteria of realisation/ settlement within twelve months period from the reporting balance sheet date.

Assets: An asset is classified as current when it satisfies any of the following criteria:

- a. It is expected to be realized in, or is intended for sale or consumption in, the Company's normal operating cycle;
- b. It is held primarily for the purpose of being traded;
- c. It is expected to be realized within twelve months after the reporting date; or
- d. It is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting date

Liabilities: A liability is classified as current when it satisfies any of the following criteria:

- a. It is expected to be settled in the Company's normal operating cycle;
- b. It is held primarily for the purpose of being traded;
- c. It is due to be settled within twelve months after the reporting date; or
- d. The Company does not have an unconditional right to defer settlement of the liability for at least twelve months after the reporting date. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

Current assets/ liabilities include the current portion of non-current assets/ liabilities respectively.

All other assets/ liabilities are classified as non-current. Deferred tax assets and liabilities are always disclosed as non-current.

2.4 Operating cycle:

Operating cycle is the time between the acquisition of assets for processing and their in cash and cash equivalents. The company has ascertained its operating cycle as twelve months for the purpose of current/ non-current classification of assets and liabilities.

Phyto Chem (India) Limited

Notes forming part of financial statements for the year ended 31st March 2023

(All amounts in Indian Rupees in lakhs, except share and per share data and where otherwise stated)

Significant accounting policies (Contd...)

2.5 Accounting estimates:

The preparation of the financial statements, in conformity with the recognition and measurement principles of Ind AS, requires the management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities as at the date of financial statements and the results of operation during the reported period. Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from these estimates which are recognized in the period in which they are determined.

a. Depreciation and amortization: Depreciation and amortization is based on Schedule II to the Companies Act, 2013, which describes useful lives of property, plant and equipment and intangible assets.

b. Provisions and contingencies: Provisions and contingencies are based on the Management's best estimate of the liabilities based on the facts known at the balance sheet date.

c. Fair valuation: Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. In addition, for financial reporting purposes, fair value measurements are categorized into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows: Level 1: Inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date; Level 2: Inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and Level 3: Inputs are unobservable inputs for the asset or liability. For assets and liabilities that are recognized in the Financial Statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by reassessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period. At each reporting date, the Company analyses the movements in the values of assets and liabilities which are required to be re-measured or reassessed in line with the Company's Accounting Policies. For this analysis, the Company verifies the major inputs applied in the latest valuation by agreeing the information in the valuation computation to contracts and other relevant documents. For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

2.6 Critical accounting judgements and key source of estimation uncertainty operating cycle:

In the application of the Company's accounting policies, the management of the Company are required to make judgments, estimates and assumptions about the carrying amounts of the assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to the accounting estimates are recognized in the period in which the estimates is revised if the revision effects only that period or in the period of the revision and future periods in the revision effects both current and future periods. The following are the areas of estimation uncertainty and critical judgements that the management has made in the process of applying the Company's accounting policies and that have the most significant effects on the amounts recognized in the financial statements.

Significant accounting policies (Contd...)

2.7 Provisions and contingent liability:

On an ongoing basis, Company reviews pending cases, claims by third parties and other. For contingent losses that are considered probable an estimated loss is recorded as an accrual in financial statements. Loss Contingencies that are considered possible or not provided for but disclosed as Contingent liabilities in the financial statements. Contingencies the likelihood of which is remote are not disclosed in the financial statements. Gain contingencies are not recognized until the contingency has been resolved and amounts are received or receivable.

2.8 Useful lives of depreciable assets:

Management reviews the useful lives of depreciable assets at each reporting. As at March 31, 2023 management assessed that the useful lives represent the expected utility of the assets to the Company.

Further, there is no significant change in the useful lives as compared to previous year.

2.9 Functional and presentation currency:

These financial statements are presented in Indian rupees, which is also the functional currency of the Company. All financial information presented in Indian rupees.

Foreign currencies :

In preparing the financial statements of the Company transactions in currencies other than the entity's functional currency (foreign currencies) are recognised at the rates of exchange prevailing at the dates of transactions. At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Non-Monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing at the date when fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

For the purpose of presenting these financial statements, the assets and liabilities of the Company's foreign operations are translated into currency units using exchange rates prevailing at the end of each reporting period.

2.10 Property, plant and equipment:

Recognition and measurement:

Property, plant and equipment are stated at cost of acquisition or construction less accumulated depreciation and impairment loss, if any. Cost includes expenditures that are directly attributable to the acquisition of the asset i.e., freight, duties and taxes applicable and other expenses related to acquisition and installation. The cost of self-constructed assets includes the cost of materials and other costs directly attributable to bringing the asset to a working condition for its intended use. Borrowing costs that are directly attributable to the construction or production of a qualifying asset are capitalized as part of the cost of that asset. When parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment.

Gains and losses upon disposal of an item of property, plant and equipment are determined by comparing the proceeds from disposal with the carrying amount of property, plant and equipment and are recognized net within in the statement of profit and loss.

The cost of replacing part of an item of property, plant and equipment is recognized in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to the Company and its cost can be measured reliably. The costs of repairs and maintenance are recognized in the statement of profit and loss as incurred.

Items of property, plant and equipment acquired through exchange of non-monetary assets are measured at fair value, unless the exchange transaction lacks commercial substance or the fair value of either the asset received or asset given up is not reliably measurable, in which case the asset exchanged is recorded at the carrying amount of the asset given up. Property, Plant and Equipment which are not ready for intended use as on the date of balance sheet are disclosed as "Capital Work-in-Progress".

2.10 Property, plant and equipment (Contd...)

Depreciation:

Depreciation is recognized in the statement of profit and loss on Straight Line basis over the estimated useful lives of property, plant and equipment based on Schedule - II to the Companies Act, 2013 ("Schedule"), which prescribes the useful lives for various classes of tangible assets. For assets acquired or disposed off during the year, depreciation is provided on pro rata basis. Land is not depreciated. Depreciation methods, useful lives and residual values are reviewed at the end of each reporting period with the effect of any changes in estimated useful lives residual values and impairment loss, if any, and are accounted for on a prospective basis.

Impairment of tangible and intangible assets other than goodwill:

At the end of each reporting period, the Company reviews that carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest Company of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment at least annually, and whenever there is an indication that the asset may be impaired.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cashflows are discounted to their present value using a pre tax discount rate that reflects current market assessments of the time value of the money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss.

2.11 Leases:

At the inception of the contract the Company determines whether the Contract is a Lease or Lease arrangement. A Contract is, or contains, a Lease if the Contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

The Company recognises right of use asset representing its right to use the underlying asset for the Lease commencement date.

The Company measures the Lease liability at the present value of Lease payments that are not paid at the commencement date of Lease. The Lease payments are discounted using the Interest rate implicit in the Lease, if that cannot be readily determined the Company uses Incremental borrowing rate.

Right of use asset is depreciated using straight line method over useful life of right of asset.

The Company has elected not to apply in Ind As 116 to short term leases of all assets that have a lease term of 12 months or less and leases for which the underlying asset is of no value. The lease payments in such cases associated with these Leases are recognised as expenses on a straight line basis over the lease term.

2.12 Financial instruments:

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

A. Financial assets:

i. Initial recognition:

In the case of financial assets, not recorded at fair value through profit or loss (FVPL), financial assets are recognized initially at fair value plus transaction costs that are directly attributable to the acquisition of the financial asset. Purchases or Sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognized on the trade date, i.e., the date that the Company commits to purchase or sell the asset.

ii. Subsequent measurement:

For purposes of subsequent measurement, financial assets are classified in the following categories:

a. Financial assets at amortized cost:

Financial assets are subsequently measured at amortized cost if these financial assets are held within a business model with an objective to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. Interest income from these financial assets is included in finance income using the effective interest rate ("EIR") method. Impairment gains or losses arising on these assets are recognized in the Statement of Profit and Loss.

b. Financial assets measured at fair value:

Financial assets are measured at fair value through OCI if these financial assets are held within a business model with an objective to hold these assets in order to collect contractual cash flows or to sell these financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognized in the Statement of Profit and Loss. Investment in Equity Instruments are designated as Financial Assets measured at fair value through OCI and Investments in Mutual Funds are designated as Financial Assets measured at fair value through statement of Profit and Loss on date of transition.

c. Impairment of financial assets:

In accordance with Ind AS 109, expected credit loss (ECL) model for measurement and recognition of impairment loss on the trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 18. As Company trade receivables are realized within normal credit period adopted by the Company, hence the financial assets are not impaired.

d. De-recognition of financial assets:

The Company de-recognizes a financial asset only when the contractual rights to the cash flows from the asset expire, or it transfers the financial asset and substantially all risks rewards of ownership of the asset to another entity. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognizes its retained interest in the assets and an associated liability for amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognize the financial asset and also recognizes a collateralized borrowing for the proceeds received.

Significant accounting policies (Contd...)

2.12 Financial instruments (Contd...)

A. Financial assets (Contd...)

e. Other financial assets:

In respect of its other financial assets, the Company assesses if the credit risk on those financial assets has increased significantly since initial recognition. If the credit risk has not increased significantly since initial recognition, the Company measures the loss allowance at an amount equal to 12-month expected credit losses, else at an amount equal to the lifetime expected credit losses.

B. Financial liabilities:

Financial liabilities and equity instruments issued by the Company are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

i. Initial recognition:

Financial liabilities are classified, at initial recognition, as financial liabilities at FVPL, loans and borrowings and payables as appropriate. All financial liabilities are recognized initially at fair value and in the case of loans and borrowings and payables, net of directly attributable transaction costs. Fees of recurring nature are directly recognised in the statement of profit and loss as finance cost.

ii. Subsequent measurement:

The measurement of financial liabilities depends on their classification, as described below:

a. Financial liabilities at FVPL:

Financial liabilities at FVPL include financial liabilities held for trading and financial liabilities designated upon initial recognition as at FVPL. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. Gains or Losses on liabilities held for trading are recognised in the Statement of Profit and Loss

iii. De-recognition of financial liabilities:

Financial liabilities are de-recognised when the obligation specified in the contract is discharged, cancelled or expired. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as de-recognition of the original liability and recognition of a new liability. The difference in the respective carrying amounts is recognized in the Statement of Profit and Loss.

Impairment of non-financial assets:

Intangible assets and property, plant and equipment are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generated Units (CGU) to which the asset belongs. If such assets are considered to be impaired, the impairment to be recognized in the statement of profit and loss is measured by the amount by which the carrying value of the assets exceeds the estimated recoverable amount of the asset. An impairment loss is reversed in the statement of profit and loss if there has been a change in the estimates used to determine the recoverable amount. The carrying amount of the asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated amortization or depreciation) had no impairment loss be recognized for the asset in prior years.

2.13 Cash and cash equivalents:

Cash and Bank balances comprise of cash balance in hand, in current accounts with banks and Bank Fixed Deposits with maturity of 3 months or less than 3 months. Balances with banks earmarked for a purpose (like dividends) are shown separately.

Cash flow statement:

Cash flows are reported using the indirect method, where by profit before tax is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payment and items of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

2.14 Employee benefits:

Short term employee benefits:

Short-term employee benefits are expensed as the related service is provided. A liability is recognised for the amount expected to be paid if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

Defined contribution plan:

The Company's contributions to defined contribution plans are charged to the statement of profit and loss as and when the services are received from the employees.

For defined benefit retirement benefit plans, the cost of providing benefits is determined using the projected unit credit method, with actuarial valuations being carried out at the end of each annual reporting period. Remeasurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling (if applicable) and the return on plan assets (excluding interest), is reflected immediately in the statement of financial position with a charge or credit recognised in other comprehensive income in the period in which they occur.

Defined contribution benefits:

The Company has an obligation towards gratuity, a defined benefit plan covering eligible employees. The plan provides for lump sum payment on retirement, death while in employment or on separation.

2.15 Borrowing cost:

Borrowing costs are charged to the Statement of Profit and Loss except in cases where the borrowings are directly attributable to the acquisition. Construction or production of qualifying assets which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

2.16 Government grants:

Ind AS 20 gives an option to present the grants related to assets, including nonmonetary grants at fair value in the balance sheet either by setting up the grant as deferred income or by deducting the grant in arriving at the carrying amount of the asset. Accordingly Sales Tax Deferment amount payable to Department has been considered as Government Grant and considered the interest expenses and amortization benefit in Profit and Loss Account and Balance Sheet.

2.17 Provisions, contingent liabilities and contingent assets:

A provision is recognized when the Company has a present obligation (legal or constructive) as a result of past events and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, in respect of which a reliable estimate can be made of the amount of obligation. Provisions (excluding gratuity and compensated absences) are determined based on management's estimate required to settle the obligation at the Balance Sheet date. In case the time value of money is material, provisions are discounted using a current pre-tax rate that reflects the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost. These are reviewed at each Balance Sheet date and adjusted to reflect the current management estimates.

2.17 Provisions, contingent liabilities and contingent assets (Contd...)

Contingent liability judgement:

Contingent liabilities are claims against the company not acknowledged as debt. Contingencies may arise from the ordinary course of business in relation to claims against the Company, including legal, contract and other claims. By their nature, contingencies will be resolved only when one or more uncertain future events occur. The assessment of the existence, and potential quantum of contingencies inherently involve the exercise of significant judgement and the use of estimates regarding the outcome of future events.

2.18 Estimates and assumptions:

The preparation of the Company's financial statements requires management to make judgements, estimates and assumptions that effect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

2.19 Revenue recognition

Revenue from contracts with customers which establishes a comprehensive framework for determining whether, how much and when revenue is to be recognised.

Revenue is measured at the fair value of the consideration received or receivable and is recognised when it is probable that the economic benefits associated with the transaction will flow to the Company and the amount of income can be measured reliably. Revenue is net of returns and is reduced for rebates, trade discounts, refunds and any other taxes collected on behalf of government such as GST etc.

Sale of goods:

Revenue from sale of goods is recognised when a promise in a customer contract (performance obligation) has been satisfied by transferring control over the promised goods to the customer. Control is usually transferred upon shipment, delivery to, upon receipt of goods by the customer, in accordance with the delivery and acceptance terms agreed with the customers. The amount of revenue to be recognised is based on the consideration expected to be received in exchange for goods, net of trade discounts, volume discounts, sales returns and any taxes or duties collected on behalf of the government which are levied on sales such as sales tax, value added tax, goods and services tax, etc., where applicable. Invoices are payable within contractually agreed credit period. Any additional amounts based on terms of agreement entered into with customers, is recognised in the period when the collectability becomes probable and a reliable measure of the same is available.

Sale of services:

Revenue from rendering of services is recognised by measuring the progress towards complete satisfaction of performance obligations at the reporting period and there are no unfulfilled obligations.

Other income:

Other income includes Dividend, Interest, Profit/ (Loss) on sale of Investments, Commission, Professional and Technical Services and other miscellaneous receipts if any. Dividend income from investments is recognized when the Company's right to receive payment has been established (provided that it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably). Interest income from a financial asset is recognized when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on time proportionate basis, by reference to the principle outstanding and at the effective interest rate applicable. Commission income is recognised when the economic benefits associated with the transaction will flow to the entity or the amount of revenue can be measured reliably.

2.19 Revenue recognition (Contd...)

Other income (Contd...)

When the transaction involving the rendering of services is estimated reliably, revenue associated with the transaction shall be recognised by reference to the stage of completion of the transaction at the end of the reporting period. The outcome of the transactions can be estimated reliably when all the following conditions are satisfied:(a) the amount of revenue can be measured reliably;(b) it is probable that the economic benefits associated with the transaction will flow to the entity;(c) the stage of completion of the transaction at the end of the reporting period can be measured reliably; and (d) the costs incurred for the transaction and the costs to complete the transaction can be measured reliably.

2.20 Income tax:

Current tax:

Current income tax is recognised based on the estimated tax liability computed after considering the tax effect under new tax regime u/s 115 BAA opted by the Company and taking credit for allowances and exemptions in accordance with the Income Tax Act, 1961. Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Deferred tax:

Deferred tax is determined by applying the Balance Sheet approach. Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that effects neither the taxable profit nor the accounting profit. Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

2.21 Earnings per share:

The Company presents basic and diluted earnings per share ("EPS") data for its ordinary shares. Basic earnings per share are computed by dividing the net profit after tax by the weighted average number of equity shares outstanding during the period. Diluted earnings per share is computed by dividing the profit after tax by the weighted average number of equity shares considered for deriving basic earnings per share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares.

2.22 Inventories:

Inventories are valued at lower of cost, determined on "Weighted average" basis and net realisable value. Costs incurred in bringing each product to its present location and condition are accounted for as follows:

Phyto Chem (India) Limited

(All amounts in Indian Rupees in lakhs, except share and per share data and where otherwise stated)

Significant accounting policies (Contd...)

2.22 Inventories (Contd...)

Raw materials, packing materials, stores, spares and consumables: cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition.

Finished goods and work-in-progress: cost includes direct materials, labour and a proportion of manufacturing overheads based on the normal operating capacity, but excludes borrowing costs.

Stock-in-trade: cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale. The net realisable value of work-in-progress is determined with reference to the selling prices of related finished products.

Raw materials, components and other supplies held for use in the production of finished products are not written down below cost except in cases where material prices have declined and it is estimated that the cost of the finished products will exceed their net realisable value.

The comparison of cost and net realisable value is made on an item-by-item basis.

2.23 Trade receivables:

A receivable is recognised if an amount of consideration that is unconditional (i.e. only the passage of time is required before payment of the consideration is due). The Management has established a credit policy under which each new customer is analysed individually for credit worthiness before the Company's standard payment terms ranging from the date of invoice to 180 days are offered. Terms of payment for sale of services are ranging from on presentation of bill to 180 days.

2.24 Trade and other payables:

These amounts represent liabilities for goods and services provided to the Company prior to the end of the financial year which are unpaid. The amounts are unsecured and are presented as current liabilities unless payment is not due within twelve months after the reporting period. They are recognized initially at fair value and subsequently measured at amortized cost using the effective interest method.

2.25 Fair value of investments:

The Company has invested in the equity instruments of various companies. However, the percentage of shareholding of the Company in such investee companies is very low and hence, it has not been provided with future projections including projected profit and loss account by those investee companies. Hence, the valuation exercise carried out by the Company with the help of available historical annual reports and other information in the public domain.

The fair value hierarchy is based on inputs to valuation techniques that are used to measure fair value that are either observable or unobservable and consists of the following three levels:

Level 1 - Inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 - Inputs are other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices).

Level 3 - Inputs are not based on observable market data (unobservable inputs). Fair values are determined in whole or in part using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.

Note 35: Financial risk management

The Company's activities expose it to a variety of financial risks, including credit risk, liquidity risk and Market risk. The Company's risk management assessment and policies and processes are established to identify and analyze the risks faced by the Company, to set appropriate risk limits and controls, and to monitor such risks and compliance with the same. Risk assessment and management policies and processes are reviewed regularly to reflect changes in market conditions and the Company's activities. The Board of Directors and the Audit Committee is responsible for overseeing the Company's risk assessment and management policies and processes.

a. Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers. Credit risk is managed through credit approvals, establishing credit limits and continuously monitoring the credit worthiness of customers to which the Company grants credit terms in the normal course of business.

Trade receivables - The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer. Credit risk is managed through credit approvals, establishing credit limits and continuously monitoring the credit worthiness of customers to which the Company grants credit terms in the normal course of business. On account of adoption of Ind AS 109, the Company uses Expected Credit Loss (ECL) model for assessing the impairment loss. As Company trade receivables are realised within normal credit period adopted by the Company, the financial assets are not impaired.

Financial assets that are neither past due nor impaired - None of the Company's cash equivalents, including deposits with banks, were past due or impaired as at 31st March 2023.

b. Liquidity risks

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they become due. The Company manages its liquidity risk by ensuring, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risk to the Company's reputation.

As of 31st March 2023 and 2022, the Company had unutilized credit limits from banks of Rs. NIL and Rs. NIL respectively.

As of 31st March 2023, the Company had working capital (current assets less current liabilities) of Rs.1,110.34 lakhs including cash and cash equivalents and bank balances other than cash and cash equivalents of Rs.6.59 lakhs, as against the Company's working capital of Rs.997.99 lakhs as on 31st March 2022 including cash and cash equivalents and Bank balances other than cash and cash equivalents of Rs.13.77 lakhs.

c. Market risks

Market risk is the risk that changes in market prices such as commodity prices risk, foreign exchange rates and interest rates which will affect the Company's financial position. Market risk is attributable to all market risk sensitive financial instruments. Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market Risk comprises three types of risk: Interest rate risk, Foreign currency risk and Commodity risk.

d. Interest rate risks

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in Market Interest rates. The Company is not having any debt obligation with floating interest rates.

e. Foreign currency risks

Foreign currency risk is the risk that the fair value of future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company is not having any debt obligations with floating interest rates.

f. Commodity price risks

The Commodity Price risk is affected by the price volatility of certain commodities. The Company is not having any exposure for any commodity.

During the year, the Company has been sanctioned working capital limits from the banks on the basis of security of current assets. The Company has filed quarterly returns of statements with such banks, which are in agreement with the books of account other than those as set out below.

(Rs. In lakhs)

S. No.	Name of the Bank	Aggregate working capital limits sanctioned (Rs. 1,320.00 Lakhs)	Nature of current asset offered as security	Quarter ended	Amount disclosed as per quarterly return/statement (CA - CL)	Amount as per books of account (CA - CL)	Difference
1	The Federal Bank Ltd.	1,300.00	Refer Note below	30 th Jun, 2022	2,665.10	2,415.25	249.85
2	The Federal Bank Ltd.	1,240.00	Refer Note below	30 th Sep, 2022	2,677.12	2,586.76	90.36
3	The Federal Bank Ltd.	1,220.00	Refer Note below	31 st Dec, 2022	2,681.41	2,799.26	(177.85)
4	The Federal Bank Ltd.	1,200.00	Refer Note below	31 st Mar, 2023	2,812.81	2,923.47	(110.66)

Note on the differences in values:

Generally at the time of preparation of the stock statements to the bankers, as the time left is very short we do not get accurate information from our depots and submit those values to the bankers within the time limits. Where as at the time of declaration of unaudited quarterly results we take all the adjustments into consideration and compile the values and as a result certain differences have been cropped up. But at the end of the year we consider all the adjustments and compile the values for both stock statement and balance sheet. The difference in the 4th quarter is due to the debtors related to the sale of house plots of Rs.112.00 lakhs and which was not included in stock statement submitted to the bank. Hence there is no difference at all.
